1. Received call from Mr. Eugene Searchinger of the Philip H. Lord Productions in NYC (PLaza 5-2211). They plan to extend "Counterspy" and some of their other programs, and would like to cooperate with CIA in this connection. WLP informed him he would take the matter up and call back in a few days. (See memo of this date for Assistant to Deputy for Admin, I&S, this date in Miscellaneous file).
